BELKIN. | Connecting people with technology

Belkin USB 2.0 Hi-Speed 3-Port (2 external & 1 internal ports) PCI Card

Part # F5U219

This USB PCI Card from Belkin adds three USB 2.0 ports (one internal and two extenal ports) to your computer, bringing with it astounding 480Mbps transfer speed. Now you can connect a virtually limitless number of USB devices, with Plug-and-Play simplicity. Offering a bandwidth 40 times greater than USB 1.1, it is the ideal interface for transferring extremely large amounts of data from USB 2.0-compliant products, such as real-time video cameras, scanners, portable drives, and others. Installation is easy -- simply slide the card into your PC's free PCI 2.1 slot. Our 3-port card is ideal for connecting an internal hi-speed drive and multiple hi-speed devices such as a hard-drive, scanner, or other hi-speed or low speed peripherals. The Card works with Windows 98® SE or higher.
